

INTERNATIONALLY RENOWNED DOCTORS CREATE

Oscar-worthy Smiles

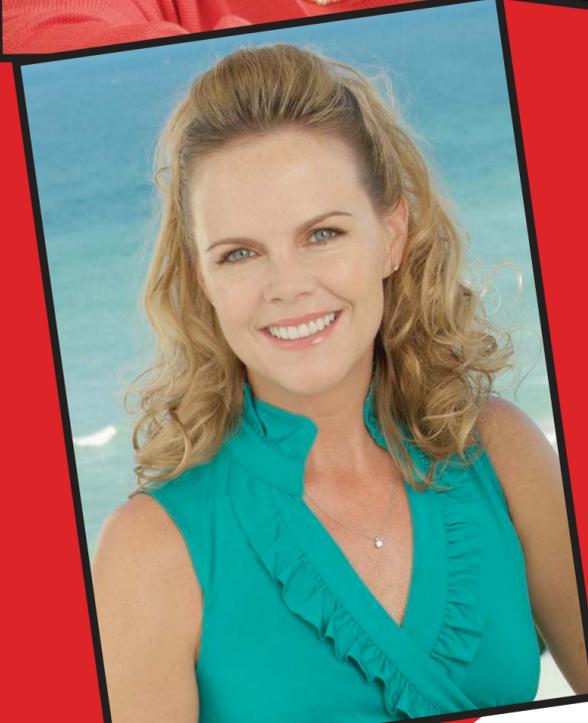

Julia Roberts, Brad Pitt, Halle Barry . . . all incredibly famous in many ways, and known for their unique, luminous, Oscar-worthy smiles. When they hit the red carpet these Hollywood glitterati are noticed and remembered not only for the one-of-a-kind creations on their backs, but also for the dazzling grins that light up their gorgeous faces. A smile is the first and last thing people notice about you, and will leave a lasting impression long after what you are wearing fades into a distant memory. The question is, does your smile leave the right kind of impression?

Fortunately, right here in our own backyard we have the internationally renowned team of **Dr. Jay M. Lerner** and **Dr. Gerard J. Lemongello**. These virtuosos of dentistry create one of a kind, couture smiles time after time, so you'll never walk into a room and meet your new smile on another face.

Drs. Lemongello and Lerner specialize in transforming not just smiles, but faces. "We use a sophisticated, minimally invasive method; very simply put - a smile facelift" explains Dr Lerner. Relying upon a highly specialized aesthetic sensibility, the doctors assess facial asymmetries and re-contour smiles by creating porcelain veneers that actually restore the balance of the features by transforming teeth to fit more harmoniously with the face. Rather than creating the same set of gleaming new, perfectly straight "cookie cutter" teeth for each patient a unique, perfectly sculpted new smile is created each time.

In order to offer this highly individualized service Dr. Lemongello explains, "We take our cues from each individual and after evaluating an exhaustive list of
